EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ritta Vacca on February 24, 2004.

The application has been amended as follows:

Claim 17, line 4, after "about" delete therefore "10" and insert therefore ---13---.

2. The following is an examiner's statement of reasons for allowance: The closest prior art of record, WO '049, does not suggest applicant's water containing bead and particle size. Furthermore, it does not appear that the components of WO '049 teach or suggest any components that would form said bead encompassing the claimed particle and diameter sizes. Accordingly, the claims are considered allowable over the art of record.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
